

SAY YES,

*Soloman - Fostered & Adopted*

AND HELP SAVE  
THE LIVES OF  
RESCUE DOGS!

GIVE  
FOSTERING A  
TRY!

If you adopt one dog, you are giving that one dog a permanent home. But if you can foster a dog, preparing it for life in a home, you are allowing many more dogs to be placed in forever homes.

Foster families provide a home environment, and by observing and reporting on the dog's personality, attitude and temperament, the foster home is able to help us place the dog in the right home.

We cannot predict the amount of time a dog will need a foster home – some dogs get adopted in a week, some dogs may take a few months. While we will allow an animal to come back at any time, we are trying to disrupt the animal's life as little as possible. We ask that our foster homes be committed to keeping the dog until it finds a forever home.

ARE YOU MY  
FOSTER  
FAMILY?

*Hubert & 3 siblings - rescued from kill shelter, fostered together, all adopted.*

PLEASE SAY  
YES!

# OUR SIMPLE FOSTER FAMILY PROGRAM SAVES LIVES + THIS WAY:

Dogs, who would otherwise be destroyed at an overcrowded kill shelter, are placed with you, their Foster Family, until their Forever Family is found.

*Casey - Thrown from a deck. Fostered while healing with a broken leg. Adopted.*

We only ask that you give your foster pet food, shelter and love. Medical expenses will be paid by Animal Action Rescue. We ask that you take your Foster Pet to scheduled Pet Adoption Days. You only need to drop them off and pick them up.

*Taz - Rescued one hour before he was to die! Fostered & Adopted.*

**All of our pets receive a Doctor's exam, vaccinations, deworming, and a temperament test before going to their Foster Home.**

*Monkey - Rescued from Animal Control. Fostered & Adopted.*

*Mac - Rescued from high kill shelter. Fostered. Adopted by Monkey's Mom!*
